As we operate working kitchens please be aware that there is always a risk that traces of allergens may be transferred to ingredients during storage or preparation of food in our kitchens. McDonald's Restaurants are therefore unable to guarantee that any food item sold is free from cross contact of allergens.

No food items are certified as vegetarian. Whilst some ingredients may not contain animal ingredients, we cannot guarantee that there will be no cross contact with ingredients that do contain animal ingredients in our kitchens.

We have a number of Halal certified restaurants. Only those items listed on the certificate in the front counter area and drive thru booth at our restaurants serving Halal options are certified as Halal.
