About Space Jam: A New Legacy

Basketball champion and global icon LeBron James goes on an epic adventure alongside timeless Tune Bugs Bunny with the animated/live-action event *Space Jam: A New Legacy*, from director Malcolm D. Lee. This transformational journey is a manic mashup of two worlds that reveals just how far some parents will go to connect with their kids. When LeBron and his young son Dom are trapped in a digital space by a rogue A.I., LeBron must get them home safe by leading Bugs, Lola Bunny and the whole gang of notoriously undisciplined Looney Tunes to victory over the A.I.'s digitized champions on the court. It's Tunes versus Goons in the highest-stakes challenge of his life, that will redefine LeBron's bond with his son and shine a light on the power of being yourself.

James stars alongside Oscar nominee Don Cheadle, Khris Davis, Sonequa Martin-Green, newcomer Cedric Joe, Jeff Bergman, Eric Bauza, and Zendaya. Lee directed from a screenplay by Juel Taylor & Tony Rettenmaier & Keenan Coogler & Terence Nance and Jesse Gordon and Celeste Ballard, story by Juel Taylor & Tony Rettenmaier & Keenan Coogler & Terence Nance and Terence Nance.
